

Dear Parents,

We hope that you and your family are continuing to stay healthy and safe. As we continue through 2021, we are excited to continue caring for your child at Subbase New London Child and Youth Program!

In accordance with our long-standing policies, children enrolled in Navy Child and Youth Programs (CYP) must be immunized per the recommendations of the Advisory Committee on Immunization Practices (ACIP) to include the annual influenza vaccine. Historically, families with children that were also enrolled in DoDEA or public schools were excluded from providing immunization documentation to CYP. However, this letter is being issued to communicate a CYP policy change. Upon the start of the Fall 2021 annual registration/reverification, families with school-age children enrolled CDH, SAC, and 24/7 programs will be required to provide documentation, or waiver requests, of their child's immunizations appropriate for the child's age per the ACIP to include documentation of the annual influenza vaccine. To clarify, documentation of the following vaccinations, or waiver requests, will be required for school-age children to participate in CDH, SAC, and 24/7 programs:

- Chicken Pox / Varicella (12-15 month, 4-6 years)
- Diphtheria, Tetanus, & Acellular Pertussis (2,4,6,15-18 months, 4-6 years)
- Hepatitis A (24, 30 months)
- Hepatitis B (birth, 1-2, 6-18 months)
- Haemophilus Influenzae Type B (2,4,6,12-15 months)
- Human Papillomavirus (11-12 years)
- Influenza (2021/2022 Flu Season)
- Inactivated Poliovirus (2,4 months)
- Inactivated Poliovirus / Oral Polio Virus (6-18 months, 4-6 years)
- Meningococcal ACWY (11-12 years)
- Measles, Mumps, Rubella (12-15 months, 4-6 years)
- Pneumococcal (2,4,6,12-15 months)
- Rota Virus (2,4,6 months)
- Tetanus, Diphtheria, & Acellular Pertussis (11-12 years)

We will continue to apply safeguards for the health and safety of our families and CYP Professionals alike.
